

Distribution schedule

P026 version 1.3 2026

Opening dates for scheduled rounds in Equalis's external quality assessment schemes 2026. Alterations may occur and will be announced on www.equalis.se. Information about alterations for when a round opens are also sent by e-mail to participants in the EQA schemes concerned.

"Round opens" usually coincides with dispatch date for the sample material. In a few EQA schemes, the sample material is dispatched in advance for several rounds. Participants are then notified by e-mail about dispatch date.
